Multiple Arenas

With the use of multiple arenas there will be some conflicts with draws. We will work with you to get your runs completed. The John Justin Arena will be the priority arena.

Work with the back gate at each arena to determine when would be best time to do your run. It is your responsibility to let the additional arena know that there is a conflict and when you will be there to finish your run. You need to tell both back gate people at both arenas so everyone is aware of the conflict.
